

LEAD-SAFE FAMILY WORKSHOPS

St. Louis Lead Prevention Coalition offered 20 lead-safe workshops across St. Louis City which provided training and essential supplies to over 230 families during a four month period in 2008.

One of the workshops which we were pleased to provide was the training presented in Spanish held at Southside Catholic Charities.

Espanol

Lead risk assessor and trainer Sally Norris instructed 14 Latino women who attended with their children.
